

SUZUMAR

DESIGNED FOR SUZUKI

THE ULTIMATE BOAT AND ENGINE PACKAGE

Suzumar inflatables have been designed and built to specifications laid down by Suzuki. The three models include tenders, family run-abouts and sports inflatables from 2.9m to 3.9m, which are offered as competitively priced Suzuki powered packages.

Constructed from heavy duty material with inflatable keels for good stability and control as well as aluminum or glass fibre floors, providing the strength needed for more demanding performance and conditions. Each craft comes with stainless steel fittings, wooden seat and oars, repair kit, foot pump, painter and carry bag.

Way of Life!

FOUR STROKE

TWO STROKE

Please read your owners manual carefully. Remember, boating and alcohol or other drugs do not mix. Always use a personal flotation device. Please operate your outboard safely and responsibly. Suzuki encourages you to operate your boat safely and with respect for the marine environment. Specifications, appearances, equipment, colours, materials and other items of "SUZUKI" products shown on this catalogue are subject to change by manufacturers at any time without notice and they may vary depending on local conditions or requirements. Some models are not available in some territories. Each model might be discontinued without notice. Please enquire at your local dealer of any such changes. Actual body colour might differ from the colours in this brochure.
